Adult:Child Ratio - nonstop flts 1:20, conx flts 1:15

If your booking is changed prior to final payment, the costs and itinerary information above will need to be refreshed via the Site (or by contacting the American Airlines Group Desk), before paying the final amount or if an IATA travel agent a commitment to pay the final amount.

Final payment and final payment deadline

Final payment will be due by Friday 12 July 2024.

Final payment may be by credit card or by the rules governing agency claim for ticketing (AA reserves the right to limit the agency claim option). Electronic Funds Transfer (EFT), money order and check are also available for use in limited locations.

For payment by EFT, please allow sufficient time for bank clearance, as the final payment deadline cannot be extended and is subject to American Airlines receiving cleared funds by this due date.

For other changes or reduction in group size, please refer to the Terms and Conditions which apply to your contract.

Failure to pay the final payment by the final payment deadline (by cleared funds) will result in the cancellation

of this booking without notice. For the avoidance of doubt, even if a deposit amount has been paid but you fail to pay the final payment by the final payment deadline, cancellation fees will apply including loss of deposit.

Passenger naming and ticketing deadline

Passenger naming and ticketing is due by Friday 12 July 2024.

The name and specific details of each passenger must be provided by the passenger naming deadline. The ticketing agency is responsible for ensuring that all secure flight passenger data is properly collected and added to the reservation. This can be done by entering the information directly into the site, downloading the [Passenger naming spreadsheet](#) and uploading it prior to the deadline, or by contacting the American Airlines Group Desk. It is also strongly recommended to provide APIS information at this time.

The United States of America (USA) Government requires all airlines to provide additional passenger information for any passenger booked on flights to, from, over or within the USA. The full name as it appears on the passengers' government-issued identification to be used, date of birth, gender and Redress number (if available) for [Secure Flight Passenger Data](#) (SFPD) is required prior to issuing a ticket.

Ticketing must be complete by the ticketing deadline for all passengers.

Failure to provide names or ticket numbers by the deadline may result in the booking being cancelled without notice. Applicable cancellation fees will apply.

If you have any questions, please contact us on the details below:
