- 1. As used in this contract "Ticket" means this passenger ticket and baggage check, or this itinerary/ and receipt if applicable, in the case of an electronic ticket, of which these conditions and the notices form part, "carriage" is equivalent to "transportation". - 2. Carriage hereunder is subject to the rules and limitations relating to liability established by the Warsaw Convention or the Montreal Convention unless such carriage is not "international carriage" as defined by that Convention.
- 3. To the extent not in conflict with the foregoing carriage and other services performed by each carrier are subject to: (I) provisions contained in this ticket, (II) applicable tariffs, (III) carrier's conditions of carriage and related regulations which are made part hereof (and are available on application at the offices of carrier), except in transportation between a place in the United States or Canada and any place outside thereof to which tariffs in force in those countries apply.
- 4. - 5. An air carrier issuing a ticket for carriage over the lines of another air carrier does so only as its agent.
- 6. Any exclusion or limitation of liability of carrier shall apply to and be for the benefit of agents, servant and representatives of carrier and any person whose aircraft is used by carrier for carriage and its agents, servants and representatives.

- 11. No agent, servant or representative of carrier has authority to alter, modify or waive any provision of this contract.

Notice of Baggage Liability Limitations

Liability for loss, delay or damage to baggage is limited as follows unless a higher value is declared in advance and additional charges are paid. For many international journeys, the Montreal Convention may apply with liability limits of 1,288 SDRs per passenger for both checked and unchecked baggage. In some cases, where the Warsaw Convention applies to your journey, the applicable liability limit is approximately US\$9.07 per pound(US\$20.00 per kilo) for checked baggage and US\$400 per passenger for unchecked baggage. For travel wholly between U.S. points, Federal Rules require any limit on an airline's baggage liability to be at least US\$3,500 per passenger. Excess valuation may be declared on certain types of articles. Carriers assume no liability for fragile, perishable or valuable articles. However, this limitation on liability for valuable articles does not apply to flights to or from the United States. Further information may be obtained from the relevant carrier.

Advice to International Passengers on Limitation of Liability

Passengers embarking upon a journey involving an ultimate destination or a stop in a country other than the country of departure are advised that the provisions of an international treaty (the Warsaw Convention, the 1999 Montreal Convention, or other treaty), as well as a carrier's own contract of carriage or tariff provisions, may be applicable to their entire journey, including any portion entirely within the countries of departure and destination. The applicable treaty governs and may limit the liability of carriers to passengers for death or personal injury, destruction or loss of, or damage to, baggage, and for delay of passengers and baggage. Additional protection can usually be obtained by purchasing insurance from a private company. Such insurance is not affected by any limitation of the carrier's liability under an international treaty. For further information please consult your airline or insurance company representative.

Special Notices of Liability for Liability for Passengers on Korean Air Lines CO., LTD

With respect to international carriage performed by Korean Air, the applicable limit of liability for passenger's death, wounding or other bodily injury under the Warsaw Convention has been waived in accordance with the Conditions of Carriage of Korean Air. However, Korean Air reserves the right to assert a defense under Article 20 (1) of the Convention for claims in excess of SDR 128,821. In accordance with EU Council Regulation 889/2002, Korean Air will make advance payment in case of passenger's death, wounding or other bodily injury occurred in the carriage to/from EU nations.

Overbooking of Flights

Denied Boarding By Overbooking

(This notice does not apply to tickets sold in the United States for transportation originating in the United States.) In those countries where Denied Boarding Compensation regulations are in force, carriers operate compensation plans for passengers with confirmed reservations who are denied boarding because of non-availability of seats caused by overbooking. Details of these plans are available at the airlines' offices.
